Dimensions	Depth: 43, Height 220 and Width 110 mm
Weight	808 g.

Wall mount SIP / IP INTERCOM station with up to 4 buttons, the **TERRA-DS** is a door station featuring high quality hands free conversation. It has contact inputs and outputs to remotely control external devices such as; electronic door lock, camera's, gates, etc. Thanks to an optional casing, it is in full conformity with IP54 vandal, water-proof and dust-proof standards.

The operating temperature range is -10 to 55°C. The TERRA-DS can be installed free from care in any public space or environment.

TERRA-DS belongs to the TERRACOM range, the new ATEIS Audio over IP solution.

Versions

- TERRA-DS1 = one-key button
- TERRA-DS2= two-key buttons
- TERRA-DS3 = three-key buttons
- TERRA-DS4 = four-key buttons
